

# Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR-UP) - 2002

CFDA Number: 84.334 - Gaining Early Awareness and Readiness for Undergraduate Programs

## Goal 8: To significantly increase the number of low-income students who are prepared to enter and succeed in postsecondary education.

Objective 8.1 of 3: Increase the academic performance and preparation for postsecondary education of participating students.

Targets and Performance Data			Assessment of Progress	Sources and Data Quality
<i>The percentage of seventh graders who passed prealgebra</i>			<b>Status: Unable to judge</b>  <b>Progress:</b> Targets were not established for 2002.  <b>Explanation:</b> Data will continue to be collected on successful completion of core academic subjects and other college preparatory courses. Note that standards to enter and complete above grade level math courses (such as prealgebra and Algebra I for 7th graders) are becoming more rigorous. This practice may limit the percentage of students in many schools served by GEAR UP who are entering and completing such courses. Also Note that data for Year 2001 were obtained from the GEAR UP Annual Performance Report covering April 2000 - March 2001. Data for Year 2002 were obtained from the GEAR UP Annual Performance Report covering April 2001 - March 2002.	<b>Additional Source Information:</b> Annual program performance reports and program evaluation study.  <b>Frequency:</b> Annually. <b>Collection Period:</b> 2002 - 2003 <b>Data Available:</b> December 2003 <b>Validated By:</b> No Formal Verification. Gear Up staff review performance report data for quality, clarity, and consistency; and to assess extent to which project objectives are being accomplished.
